CLEAN politics, honest politics are what we want in Kentucky and the people are getting in mighty fine shape to have them.

WE are in receipt of Farm Bulletin No. 96 issued from the U. S. Department of Agriculture. It treats of good roads for farmers and contains some valuable information on road construction. Mr. Maurice O. Eldridge, Assistant Director, Office of Road Inquiry, is the author. He says:

"An essential feature of a good road is good drainage and the principles of good drainage remain substantially the same whether the road be constructed of earth, gravel, shell, stones or asphalt. The first demand for good drainage is to attend to the shape of road surface. This must be 'crowned,' or rounded up toward the center, so that there may be a fall from the center to the sides, thus compelling the water to flow rapidly from the surface into the gutters which should be constructed on one or both sides and from there in turn be discharged into larger or more open channels. Furthermore, it is necessary that no water be allowed to flow across a roadway; culverts, tile, stone, or box drains should be provided for that purpose."

When it is known that 27,000 tons of water fall on each mile of road every year it will readily be seen, how important the matter of drainage is in the construction of good permanent roads. We will say for our supervisor Mr. Bohler that he has this idea well in hand and is working along these lines and so far as we are able to judge is doing excellent work.

ANTI-GOEBEL MEETING.

Rousing Speeches and Resolutions Condemning Goebel.

BOWLING GREEN, Ky., July 24.—The anti-Goebel meeting here this afternoon was largely attended. Among those present were Harvey Meyers and W. F. Hall, of Covington; J. J. Constantine, Sparta; Ben Howe, James T. Williams and G. W. Dailey, Louisville; J. C. Flournoy, Fulton; Ben Johnson, Bardonia; W. B. Smith and Thomas Hays, ex-Congressman W. C. Owens sent a letter condemning the nomination of Goebel for governor and reviewing the work of the Louisville convention generally. The meeting adopted long resolutions. They condemn the movement inaugurated by so-called Democrats in eastern states to abandon the principles of the Chicago platform, and endorse W. J. Bryan for president. They charge that the state Convention in Louisville which nominated Goebel "was perverted from its true purpose by corruption, fraud and force, by intrigue and treachery, by infamous rulings of the acting chairman, thereby setting at naught the time-honored principle of democracy that the will of the majority of the people shall be the governing power."

Mrs. Carrie Frakes and little Miss Carrie D., her daughter, are visiting relatives and friends. It's Mr. Frakes that we are always glad to see, and the unique little lady is none the less popular. By the way they are splendid Sunday School workers.

Mrs. Lizzie Foote Babbage and children, of Hardinsburg, returned to their home Tuesday last, after spending some time with relatives in our community. It is to be regretted that so few of her many friends here saw her, and we hope she will come again soon for a longer stay.

Let everybody keep the subject agitated and all the voters vote for the temperance cause and we'll make a small stride toward the millennium.

The Woman's Missionary society met in the Methodist church Wednesday afternoon with nine members and a few visitors present. What is the future state of the heathen, was a topic considered and held over to the next meeting. "The wicked shall be turned into hell, and all the nations that forget God," is a verse quite conclusive as regards the matter, and missionary workers need to be informed as well as to be zealous.

The Irvington Fortnightly Reading club held the last meeting of this year, Thursday afternoon with Mrs. Pigott. After roll call, officers were elected for next year: Mrs. Pigott, President; Mrs. Wimp, Secretary; Mrs. McGlothlin, Librarian. After a little discussion it was decided that we continue the B. V. R. C. course, which will take us to Russia and give us an insight into their manner of doing things. At the close of the business we were invited into the dining room where we found an excellent lunch.

T. J. Jolly, who has been personally and intimately associated with Samuel J. Parks (deceased) from boyhood, wishes to add this small tribute of love and respect to his memory: "Bro Parks was a zealous member of the church for over fifty years and had been a Mason for forty. He lived on the square with all mankind, he circumscribed his desires and passions by the compass, and kept himself in due bounds at all times. If there ever was a man that did unto others as he would that they should do unto him, it was he. He has gone to his reward, and by the grace of God I hope to meet him in the Grand Lodge above where the Supreme Grand Architect presides."

Did you ever See a Snow Storm in Summer?

We never did; but we have seen the clothing at this time of the year so covered with dandruff that it looked as if it had been out in a regular snow-storm.

No need of this snowstorm. As the summer sun would melt the falling snow so will

Ayer's Hair Vigor

melt these flakes of dandruff in the scalp. It goes further than this: it prevents their formation. It has still other properties: it will restore color to gray hair in just ten times out of every ten cases.

And it does even more: it feeds and nourishes the roots of the hair. Thin hair becomes thick hair; and short hair becomes long hair.

We have a book on the Hair and Scalp. It is yours, for the asking.

If you do not obtain all the benefits you expected from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily removed. Address:

The Populist Nominate.

The Populists of Breckenridge county met in convention at Hardinsburg last Monday and nominated, Squire George Harned, of Custer, as a candidate for the Legislature.

Mr. Harned is a prominent farmer of that neighborhood and has figured extensively in politics. He is a good conscientious citizen, honest in his belief and if elected will serve the best interest of his county. He is well known and popular with his party and will carry its full strength in the county.

How President Arthur and Blaine Were Caught.

There is a good story of the presidential excursion down to the Eastern shore of Maryland. The party embraced Secretaries Blaine and Windom and others.

They were fortunate enough to hear an excellent sermon from the venerable Protestant Episcopal Bishop of Maryland, who was there to administer the rite of confirmation. The president and the two secretaries sat in quiet satisfaction. But their peace of mind was suddenly dispelled. The offering was sung.

At the familiar words: "Let your light so shine before men, etc.," the President and the Secretaries each quietly dropped a hand into a pocket.

"Lay not up for yourselves treasures on earth," Windom drew forth a crisp one-dollar note and held it between his thumb and forefinger, ready for the approaching plate. The president and Mr. Blaine went a little deeper into their pockets. One brought up a nickel the other a dime. Their faces flushed. It would never do to make such a contribution. "He that soweth a little shall reap little, and he that soweth plentifully shall reap plentifully. . . . God loveth a cheerful giver."

The President went to his pocketbook, and the secretary of state explored his vest pocket with nervous fingers.

"Zaccheus stood forth and said unto the Lord: behold, Lord, the half of my goods I give to the poor, and if I have done wrong to any man I restore four fold." The plate was only four pews away. What President found in his pocketbook was only a fifty-dollar note and a ten-dollar greenback—nothing smaller. What Mr. Blaine found was two ten-dollar notes—nothing smaller. To put in a nickel or dime only was not to be thought of. To give \$10 was more than either cared to do. Each looked at Windom sitting there calmly with his dollar note in hand. He shook his head.

"Charge them that are rich in this world that they may be ready to give and glad to distribute."

There was no time for further pocket exploration or consideration.

With a smile of commiseration at each other, and something like glee on Windom's placid countenance, the president and the Secretary of State each plunked down his ten-dollar note for "the poor of this congregation." And the worst of it is, said one of the party afterwards, that the Lord would probably give them credit only for the dollar or two which they intended to give—Philadelphia Inquirer.
